

Dear patients,

With regard to the safety of our staff and of other patients of the Trauma Hospital Brno, we ask all citizen to **enter to our hospital in necessary case only**.

Urgent health problems requiring acute surgery or injury treatment will be treated in our hospital 24 hours daily, we request however your responsible attitude in case that:

- you have higher body temperature, fever, coughing, shortness of breath, other signs of respiratory infect ...
- you come from abroad, are in quarantine, in contact with ill person, waiting results of Covid-19 tests, positive for Covid-19 in home quarantine

Please, **tell this fact to our staff** immediately after entering into our hospital, where your body temperature will be measured and you will be informed.

The medical care in our hospital is reduced during the pandemic to:

- urgent surgical care and injury treatment - 24 hours daily,
- Emergency Medical Service-general practitioner - working day 17 - 07 h, weekend 24 hours daily
- Emergency Dental Service - working day 18 - 24 h, weekend 08 - 20 h.

Thank you for your understanding.

Medical staff of the Trauma Hospital of Brno
